SpotOn POS System

Reddie Digital Menu Board

4K* DIGITAL DRIVE-THRU MINI LED MENU BOARD

Commercial Grade
43", 49" & 55" Outdoor Displays

Brightness:
Mini LED 4000 nits

Up to 4K resolution:
1080x1920 & 2160x3840

ETL Certification

Weatherproof

4K* Digital Drive-Thru Mini LED Menu Boards are rated IP66, which means the menu board structure provides superior protection against the damaging effects of dust, direct sunlight, rain and snow.

Anti-Glare Tempered Glass with UV & Infrared Protection

The 4K* Digital Drive-Thru Mini LED Menu Boards are fully laminated with anti-glare glass. This eliminates the air between the LCD panel and the tempered glass. It helps to provide high brightness, lower reflection and high contrast ratio display with a 89/89/89/89 wide viewing angle, making the displayed images richer and clearer under direct sunlight. Engineered for the elements, our technology filters out 99.5% of ultraviolet light. When the sun is at its peak, it deflects 92.5% of infrared heat.

*4K available in 49" and 55"

Complete Package Solution

Reddie's Commercial Indoor Menu Board is an All-In-One Hardware and Software (SoC) package that incorporates a commercial display, integrated speakers and comes with Reddie's Software-on-Chip technology.

Commercial performance enhanced by Mini LED technology

Our display uses a commercial-grade LCD panel for enhanced durability. Mini LED technology provides improved energy efficiency, cooler performance, and a longer lifespan. The display is built for 24/7 operation and can run for over 50,000 hours without degrading image quality.

*IPS Panel only available with 55"

MEDIA PLAYER FOR CUSTOMERS WITH EXISTING TV/MONITOR

Use Reddie's Media player to display your digital menu. It easily connects to your TV or monitors' HDMI In port.

The media player supports both Wi-Fi and Local Area Network connectivity, can display content vertically or horizontally and is designed for 24/7 operation.

Once connected, your menu is displayed and can be managed from your SpotOn dashboard.
